

Registering CB Software

On Start-up, or after selecting Help/About the following screen will be displayed. You have 30 days to register the program

Depress the Register key

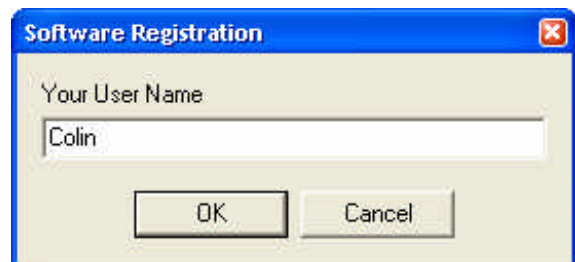

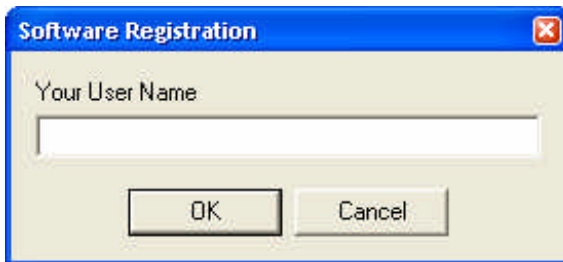

Enter the user key and save to file, Email the contents the file to CB Electronics, support@colinbroad.com or colin@colinbroad.com we will then send you a key to enable the software.

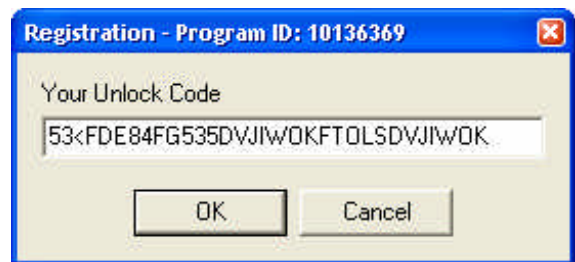

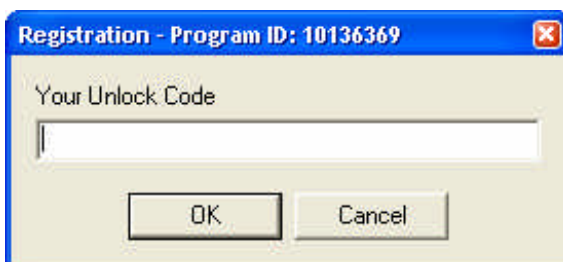

Enter the key, select Unlock and the program is ready to run.

Registration once the program is locked

If you allow the trial period to run out or use the incorrect key too many times the following will be displayed on start-up.

Enter your user name, and select OK

Send us the program ID as displayed in the title bar, your user name and the program name (You may have to select a smaller font size to see all the ID Number!). We will send you the unlock code, once you have entered your user name and unlock code the program will run.
